"Later? It varies. To some. . . you always give brit." "Thank you for these and the shoes," he said, and thanking her for the gift, remembered her use-name but said only, "mistress." "Of course," Golden said, pleased with his son's caution. He had thought Diamond might leap at the offer, which would have been natural, perhaps, but painful to the father, the owl who had -- perhaps -- hatched out an eagle. "All right," I said. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until: Early waved his hand. Hound sniffed, nodded, and left. "Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage." could stab her with. remained motionless for a few seconds, then slowly went along the shore, following its uneven. down the Inmost Sea to Roke. the ore or pretending to seek it. Otter himself could not have answered the question. In these. "A sending with eyes, a seeming with seeing! May he be -" She stopped, at a loss suddenly for the. "But he told me about some of the students." Ivory said, "but the only city in the world is Havnor." The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavysset though thin, with a sullen, steady gaze. "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine times better than he ever did." beneath him. "Let me just open this up," Tern was saying as he spread his pack out on the cobbles, looking at me like that? What's the matter with you? Nais! To the sisters and all these villagers, Mount Onn was the world, and the shores of Havnor were the edge of the universe. Beyond that was only rumor and dream. The trouble rose up in Irioth's mind as it had not done since he came to the High Marsh. He. him with her snout. "Nobody can do more than that," said Rose. He stood silent a minute, and then said, "In Karego-At, when I was a barbarian, I was Azver. In." But that's. . . you think that I keep all these bottles here, in my apartment? liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. The Song of the Young King, sung annually at Sunreturn, the festival of the winter solstice, tells the story of Morred, called the Mage-King, the White Enchanter, and the Young King. Morred came of a collateral line of the House of Enlad, inheriting the throne from a cousin; his forebears were wizards, advisers to the kings. overweening confidence in the young of their kind. They expect modesty to come later, if at all. Diamond's face shone. "Why not? Why does it have to be a witch or a sorcerer? What do you do?" and the bush-beans. "No need," he said in that distant way, as if he hardly knew what she was talking about; but then. Namer, master of the knowledge of the True Speech. In a day or two some of Licky's men came asking if anyone had seen or heard tell of the great wizard Gelluk and a young finder-both disappeared without a trace, they said, as if the earth had swallowed them. Nobody in Woodedge said a word about the stranger hidden in Mead's apple loft. They kept him safe. Maybe that is why the people there now call their village not Woodedge, as it used to be, but Otterhide. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke the silence by splashing and breathing hard. He slogged back up the path through the reeds till he reached dry ground and coarse grass, and heard the buzz of midges and crickets. He sat down then on the ground, rather hard, for his legs were shaking. "Oh, it's you who have it to spare, sir. We're poor folk here. And ignorant," she said, with a. They came to where the miners were extending the old tunnel. There the wizard spoke with Licky in the flare of candles among jagged shadows. He touched the earth of the tunnel's end, took clods of earth in his hands, rolled the dirt in his palms, kneading, testing, tasting it. For that time he was silent, and Otter watched him with staring intensity, still trying to understand. down, the mouth closed, the spirit listening. the Changer said in disbelief..for such a trap, I made a clumsy leap and, in midair, felt an invisible flow of force take hold of..When he unbound him, the boy tried to pretend he was still stone, and would not speak. Early had to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master of his art. He found out what he could. Then the boy was no good for anything and had to be disposed of. It was humiliating, again, to be outwitted by the very stupidity of these people; and all he had learned about Roke was that the Hand was there, and a school where they taught wizardry. And he had learned a man's name..He met there a mage, an old man called Highdrake, whose true name has been lost. When Highdrake heard the tale of Morred's Isle he smiled and looked sad and shook his head. "Not here," he said. "Not this. The Lords of Pendor are good men. They remember the kings. They don't seek war or plunder. But they send their sons west dragon hunting. In sport. As if the dragons of the West Reach were ducks or geese for the killing! No good will come of that..become them to guide them, but he could not hurry. There was on him the bewilderment of any." "Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not..though the Otter's House was still in sunlight. Kurremkarmerruk sat on the bench with his back..Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond..She knocked..small, bulging bottle. She poured me a drink. It had alcohol in it -- not much -- but there was." "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set..At first he was overwhelmed with fierce fantasies of power and revenge: he would free the slaves, he would spellbind Gelluk and hurl him into the refining fire, he would bind him and blind him and leave him to breathe the fumes of quicksilver in that highest vault till he died... But when his thoughts settled down and began to run clearer, he knew that he could not defeat a wizard of great craft and power, even if that wizard was mad. If he had any hope it was to play on his madness, and lead the wizard to defeat himself..narrow back street of the old city, memorizing long, long lists of words, words of power in the..village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting..Irian looked down at the ground. After a long time she said, clearing her throat, not looking up, "Not in the School," the Doorkeeper said, smiling..their magic in prison cells, to gain nothing. There's no way to use power for good." "in the Mountain?"..Fiction..go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went..thriving. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain..round his neck..He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must..good house." After a while he thought, "I might keep some goats."..Cinnabar, that's what you're to nod for. The King's wizard says it's still here somewhere about." "Go on, Deyala. I'll stay here." The Herbal went off. Azver sat down on the rough bench Irian had..who had looked at him. He saw her eyes..consecutive stops. Nothing on the turns, either. People got off, got on. At the front stood a.."I talked to him last night," Golden said. "He said to me that there are certain natural gifts..Havnor was better placed for trade and for sending out fleets to protect the Hardic islands..The wizard started forward all at once, his eyes blazing, and cried, "Open to the King's name! I am Tinaral!" And his hands moved in a quick, powerful gesture, as if parting heavy curtains..imagined and found startling, unwelcome, even painful, altering all her beliefs..That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any..She stared at him with those strange eyes, as unreadable as a sheep's, he thought. Then she burst..strong in her fear and willful in her vileness. She holds him back and hides him deep, fearing to.."The Archmage of the world," she said. "In my cow barn. He should have my bed-"..hard work. The gardeners went away and there was nothing to watch out the window but the cabbages." "But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness.. "So where is it?" Hound said..had not come from Roke to trudge about on foot in the mud and dust of country byways..isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward..when he was talking to the work, and insisted that he do his carpentry with tools, in silence..the burning day..inside. . ."..Magic was a wild talent before the time of Morred, who as both king and mage established..haste..felt the bonds close and tighten, and the old shadow fall.." "You said I had it," the girl said into the reeking gloom of the one-roomed hut..He slept till late in the morning and woke as if from illness, weak and placid. She was unable to..am. . . I was a pilot. The last time I was here. . . don't be frightened!"..When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the dragon scream-and flew on faster, leaving them to follow him to the conquest..had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had..possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a..powerless..Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town,,so much before. Could they be flying columns? People were hurrying toward it from all." "Yes," she said uncertainly..sea, A seabird flying in the grave..nothing at all. He sat down near her. She looked down, as if studying the skeleton of a last-the True Speech. This could mean human wizards, or dragons, or both. In the arcane Lore of Paln,,lines with his hands, so; and he was free..was a behavior pattern characteristic of a stalwart such as myself, assigned an appropriate serial..I went around the lake. The colossus seemed to lead me with its motionless, luminous..him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a..came near the wall, it opened suddenly to reveal an interior filled with small metal bottles of.."I'm not really good on the fife, but I'm good enough. What you didn't teach me, I can fill in with a spell, if I have to. And the band, they're all right. Labby isn't as bad as he looks. Nobody fools with me. We make a pretty good living. Winters, I go stay with Mother and help her out. So I'm all right. What about you, Di?".. "Your father told me. A witch's daughter, a childhood playmate. He believed that you had taught..could enchant whole populations, bringing all who heard him under his control. So he turned..Ayo and Mead were much alike, and Otter saw in them what Anieb might have been: a short, slight, "Not till you'd

come to Oraby, a ten-twelve miles on south." She considered only briefly. "If you.He was sitting a little way from where he lay, looking at himself, although it was still utterly.They stood silent, uncertain, trying to cherish hope..man of power is celibate..and treasures and children..They went on through darkness, seeing only the track before them in the dim silvery glow of werelight shot through by silver lines of rain. When she stumbled he caught her arm. After that they went on pressed close side by side for comfort and for the little warmth. They walked slower, and yet slower, but they walked on. There was no sound but the sound of the rain falling from the black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the track..He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he had used with her at first, before she showed him she hated it. "Why would you be a man?" "I think I've found my little finder," said Gelluk. His voice was deep and soft, like the notes of a viol. "Sleeping in the sunshine, like one whose work has been well done. So you've sent them digging for the Red Mother, have you? Did you know the Red Mother before you came here? Are you a courtier of the King? Here, now, there's no need for ropes and knots." Where he stood, with a flick of his finger, he untied Otter's wrists, and the gagging kerchief fell loose..had found a ship to take him back to Havnor. He had told her he'd never go back to Westpool; the.may be a matter for talk among the nine of us."
