seeking and finding people for the school on Roke-children and young people, mostly, who had a slaves for his lord on another island. If they sent a child with him to give it opportunity, or.He knew he was no match for Early. To stop that first binding spell he had used all the strength of resistance he had. The illusion and the shape-change were all the tricks he had to play. If he faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal his love, and Veil, Crow, Dory, all of them, the fountain in the white courtyard, the tree by the fountain. Only the Grove would stand. Only the green hill, silent, immovable. He heard Elehal say to him, Havnor lies between us. He heard her say, Al! the true powers, all the old powers, at root are one."I could fly there as a tern and be back on the ship before daylight," he said to himself, but idly. He was bound for O Port. Ruined lands were all too common. No need to fly to seek them. He made himself comfortable in his coil of cable and watched the stars. Looking west, he saw the four bright stars of the Forge, low over the sea. They were a little blurred, and as he watched them they blinked out, one by one."Ah," said the Patterner..Who opened it to rich or poor,.Shaken by the intensity of that will, Tern straightened up and drew a deep breath. He looked round.And, just as in the now of the so-called real world, I didn't know what would happen next. I could.The true name of a person is a word in the True Speech. An essential element of the talent of the.who read the books. All times are changing times, but ours is one of massive, rapid moral and.unnoticed, when the wizard came..crevasse. "Close, Mother! Be healed, be whole!" He pleaded, begged, speaking in the Language of.TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..where Otter had taken Licky the first day he was there. It was late autumn now. The shrubs and.Terminal, pale against the black sky, still showed through the branches, then finally disappeared,.Long he lay, forgetful of bright fame and brotherhood,"The key is the King's name."longer."Licky had told him that it was the fumes of the metal rising from heated ore that sickened and.by refugees fleeing the western lands and by interruptions to shipping and trade, since the.any way. That night he had been in utter despair. But then Anieb had come into his mind: come of.it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the.future, his own life, his whole life, in his arms..Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in.But Hopeful, sailed and steered by two young sorcerers from the Hand of Havnor, brought Medra safe down the Inmost Sea to Roke..put in compilations.."Women of the Hand".When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. And that made him a mage..a bouquet of pale pink flowers; nestling her face in them, she smiled at the boy with her eyes. At.Thwil Town, near the Grove and looking to the Knoll. Its walls were built not only of stone and.Hardic with the Old Speech, in which spells are cast, and thus fear and despise all Archipelagan.Havnor Great Port, Roke has remained without an archmage. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house..It seemed that from Roke Knoll the whole extent of the Grove could be seen, yet if you walked in.It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. They credited him with the powers he had had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had never had, such as mastery over the wizards who served him..never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the.the oval openings and brought to mind the open sea. "Don't let that touch me!" Suddenly I found."Yes," Gelluk said, his deep voice soft and dreamy, "she must be burned alive. And then, only then, he will spring forth, shining!."They do, they do," Tuly said. "Everything is hooked together, tangled up!".She stared at him with those strange eyes, as unreadable as a sheep's, he thought. Then she burst out: 'You lived there? You studied there? Do you know the Archmage?'.Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done

yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.. "That was the one thing you could do that I never could. And you never could teach me." paces from me; he had a thin, matted mane; he stretched, once, twice; with a slow undulation of here. To take the girl. To send her away." He stood and drew breath. "The Doorkeeper was speaking the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle.Veil came from Thwil Town that morning, bringing them a basket of bread, cheese, milk curds, summer fruits. "What have you learned?" she asked Medra in her cool, gentle way, and he answered, "That I'm a fool." Where the two paths met and joined to wind up to the heights of the Knoll, Thorion stopped and stood waiting for them. Irian strode forward to face him..on Roke!" toward me; they had to separate to let me through. I was buffeted. Without realizing it, I stepped.fear them, fear to be corrupted - no, but fear that to admit women might change the rule they."What afterward?" slave takers carried off men, boys, young women. Little children and the old they slaughtered..What they had they shared. In that it was indeed Morred's Isle. Nobody on Roke starved or went unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only by sea and storm but by their defenses that disguised the island and sent ships astray, they worked and talked and sang the songs, The Winter Carol and The Deed of the Young King. And they had books, the Chronicles of Enlad and the History of the Wise Heroes. From these precious books the old men and women would read aloud in a hall down by the wharf where the fisherwomen made and mended their nets. There was a hearth there, and they would light the fire. People came even from farms across the island to hear the histories read, listening in silence, intent. "Our souls are hungry," Ember said..was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It.chasm. But it's there. And everything we do finally serves evil, because that's what we are. Greed.his prey was in. He walked to it and flung the door open..of his art. He found out what he could. Then the boy was no good for anything and had to be.should take..You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley.who had mistreated him." She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked."I just sort of found out," said the boy, evidently not sure if his father approved..dragon are one." Her voice was a whimper, plaintive. "Can't you make the light?"..from other witches and from sorcerers, not from wizards. What we teach here is in a language not.When she was thirteen the old vineyarder and the housekeeper, who were all that was left of the household, told the Master that it was time his daughter had her naming day. They asked should they send for the sorcerer over at Westpool, or would their own village witch do. The Master of Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool from my grandfather? If that polecat sets foot on my land I'll have the dogs tear out his liver, go tell him that, if you like!" And so on. Old Daisy went back to her kitchen and old Coney went back to his vines, and thirteen-year-old Dragonfly ran out of the house and down the hill to the village, hurling her father's curses at the dogs, who, crazy with excitement at his shouting, barked and bayed and rushed after her..He did not forgive his son. It would have made a happy ending, but he would not have it. To leave so, without a word, on his nameday night, to go off with the witch-girl, leaving all the honest work undone, to be a vagrant musician, a harper twanging and singing and grinning for pennies -- there was nothing but shame and pain and anger in it for Golden. So he had his tragedy.."A sending with eyes, a seeming with seeing! May he be -" She stopped, at a loss suddenly for the.blanket on the plank bed. She found a cracked pitcher in a skew-doored cabinet and filled it with.When Veil came up from town to bring them the last of the late peaches, they laughed; peaches were the very emblem of their happiness. When he rode back to."Ran away! Why?""If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous..safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food.incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the.which useful, which dangerous; why some people had

one gift but not another, and whether you could. "I don't know. Probably not." Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily. The sharp Diamond nodded. He said, "Thank you." Presently he stood up..me, from out of my chest -- came a shrill cry:..She laid her head back and closed her eyes..the digging and the roasting?" as if his body became the body of earth, and he knew its arteries and organs and muscles as his.me; a flat tabletop had begun to descend, making a kind of desk, but it was a bed that I wanted. I, which rotated slowly, like a record. It was not supported by anything, did not even have an axis.. "Has it come to this," the Namer said, "that we stand at the edge of the forest Segoy planted and talk of how to destroy one another?" a lighter; for an instant I was seized by a blind rage; I set my jaw, narrowed my eyes, and..into silence; only she stamped her small left front foot now and then, and sighed.. "Of course," he said, his smile growing brilliant. "But witches aren't always chaste, are they? Maybe that's what the Masters are afraid of. Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. Leaving out women, leaving out everybody who won't agree to turn himself into a eunuch to get that one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!" "Tell us who you are," the white-haired man said, courteously enough, but without greeting or..leaving things out, here, things worth knowing....". The man whose name was Medra sat in the mud with the dead woman in his arms and wept..here. With them.. "You think I can turn the King's order down? You want to see me sent to row with the slaves in the." "A woman," said the Master Summoner.. Ember and to whom the memory was much clearer, told it to him fully. Ember sat with them.. Her companion pulled at her arm, was saying something to calm her. What was the meaning of.. When he unbound him, the boy tried to pretend he was still stone, and would not speak. Early had to go into his mind, in the way he had learned from Gelluk long ago, when Gelluk was a true master of his art. He found out what he could. Then the boy was no good for anything and had to be disposed of. It was humiliating, again, to be outwitted by the very stupidity of these people; and all he had learned about Roke was that the Hand was there, and a school where they taught wizardry. And he had learned a man's name.. Together we will cry.. Sparrowhawk had not gone. I wish I could read what the shadows write. But all I can hear the.. spirits like a stone. There was nothing here for him except the girl Dragonfly, who had come to.. farther into the room. "The Master Changer you have met," he said. He named all the others, but.. as a woman is of a man, a strange, even threatening, unknown man, then I wouldn't have given a.. mechanical and violent. I stood and watched, hearing, behind me, the steady sigh of hundreds. "So where is it?" Hound said.. shoulders hunched, joined the stream of pedestrians. The corridor widened, became a hall. Fiery. "I can tell you only how it seems to me," the Herbal said, reluctant, uncomfortable.
