What you see are computer-generated summaries of our progress, mere pieces of paper that do not represent the full situation. For example, nowhere in those reports is the well-being of our programmers evaluated. Now I can say without equivocation that our morale down here has never been higher. Issues are, in any case, more important than personalities, although there is a (small) section of fandom which sees in aesthetic or political disagreement nothing but personal squabbling motivated by envy. It's not for me to judge how good my criticism is; if enough readers think it's bad, and the editor thinks so too, presumably hell stop printing it although writing book reviews (except for places like the New York Times) is underpaid, overworked, and a labor of love. The problem is usually to recruit reviewers, not discourage them..and the other was in jail. Ah, machismo!.The waitress who brought his order was Cinderella Johnson. The final third was on the table.."Yes?" She had a breathless voice. Her eyes quickly traveled the length of my body. That happened.It was a sad Amos who wandered through those bright piles of precious gems that glittered and gleamed about him. The walls were much too high to climb and they went all the way around. Being a clever man, Amos knew there were some situations in which it was a waste of wit to try and figure a way out. Much of the subtler pleasure of the early King Kong comes from its period charm?the naivet?, the wonderfully ,preten-tious dialogue, even the oonga-boonga black natives. All this could not in any way survive modernization; "big screen" (whatever that means these days) and color did not make up the difference, nor for the loss of other wonderfully amusing bits from a studio jungle full of dinosaurs to Fay Wray's uncovered

The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. He worked so hard that in one hour he had laid open the chunk, and there, sticking out, was the broken fragment of mirror. Tired but smiling, the prince lifted it from the ice and handed it to Amos. Then he went to pick up his shirt and coat. "Exactly." She squinted across the vast tasteful expanse of Party-land, then stood up and waved. "I.
