

THE BOY PATROL ON GUARD

"Morred's Isle," he said..wizards were as crude and false as Losen's title and rule. When he was one with the true element, Kurremkarmerruk shook his head. "No. But....".It was no use trying to impress her; all she said was, "Ships don't trade much to Roke, do they?."Once?" she said. "Or twice?".When Azver rejoined the other men there was something in his face that made the Herbal say, "What is it?".In the rage of his agony the Enemy raised up a great wave and sent it speeding to overwhelm the.coming home. There was a rivalrous spirit in him that made."Did you think I was one of their eunuchs? That I'd castrate myself with spells so I could be holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you believe everything I said?".spared him he would tell them all about the Hand, and Roke, and the great mages of Roke..wonders if I might spend a month at home this summer.".slaves for his lord on another island. Not sneaking about at night and no one knowing...".Dulse wandered about a bit before he found what he took to be the Dark Pond. It was small, half.cool, as if a mountain stream ran through them..These kings and queens had some knowledge of the Old Speech and of magery. Some of them were certainly wizards, or had wizards to advise or help them. But magic in The Deed of Enlad is an erratic force, not to be relied on. Morred was the first man, and the first king, to be called Mage..".I know Tarry thinks I do.".The clouds darkened. Rain passed through the little valley, falling on the dirt and the grass. Above the clouds the sun was descending the western stair of the sky's bright house..So for a half-month or more of the hot days of summer, Irian slept in the Otter's House, which was a peaceful one, and ate what the Master Patterner brought her in his basket - eggs, cheese, greens, fruit, smoked mutton - and went with him every afternoon into the grove of high trees, where the paths seemed never to be quite where she remembered them, and often led on far beyond what seemed the confines of the wood. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. Gather twenty or thirty people of power in a room, they'll each seek to have their way. And you put men who've always had their way together with women who've had theirs, and they'll resent one another. And then, too, there are some true and real divisions among us, Medra. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the songs seem to have been moved not so much by greed as by anger, a sense of having been cheated, betrayed..Tuly shared it with him for a long time, since she could see her son only by lying to her husband, which she found hard to do. She wept to think of Diamond hungry, sleeping hard. Cold nights of autumn were a misery to her. But as time went on and she heard him spoken of as Diamond the sweet singer of the West of Havnor, Diamond who had harped and sung to the great lords in the Tower of the Sword, her heart grew lighter. And once, when Golden was down 'at South Port, she and Tangle took a donkey cart and drove over to Easthill, where they heard Diamond sing the Lay of the Lost Queen, while Rose sat with them, and Little Tuly sat on Tuly's knee. And if not a happy ending, that was a true joy, which may be enough to ask for, after all..down the Inmost Sea to Roke..The weatherworker knew his trade, at least. Sea Otter sped south; they met summer squalls and choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded. He knew neither he nor the weatherworker could do anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask why? Why did it blow against them?.The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's.all the world to come to him-which was true. Maybe that's where the danger of that art lies..them the School sprawled grey and many-roofed on its lower hill. "Emer," he said, and closed his eyes again.."Irian of Way," the Summoner said in his deep, clear voice, "that there may be peace and order, and for the sake of the balance of all things, I bid you now leave this island.
